viaRipetitore: Come Funziona

The screenshot displays the viaRipetitore web application interface. On the left, a blue sidebar contains navigation icons for car, pedestrian, bicycle, bus, and motorcycle. Below these are search bars for "Lungomare Europa Genova Italia" and "Via Condotti Roma Italia". A section titled "ViaRipetitore: in collaborazione con IW2NKE Gian Leonardo. Ricerca valida solo per l'Italia" is present. Social media icons for YouTube, Facebook, Telegram, Google, and others are shown. A button "MAPPA -> TABELLA" is located below the social icons. Further down, there are settings for "Formattazione Nome Memoria:" (set to "Nominativo: IR80"), "Seleziona Separatore Decimale:" (with radio buttons for "Punto" and "Virgola"), and "Scegli il Modello di Radio:" (set to "RTX"). A green button "SCARICA TUTTO" is at the bottom of the sidebar.

The main area shows a map of Italy with a red route highlighted. The route starts in Genova and goes south through La Spezia, Pisa, Livorno, Grosseto, and ends in Roma. Various orange and yellow circular markers with numbers are placed along the route and in the surrounding areas. The map includes geographical features like the Gulf of Genoa, the Tyrrhenian Sea, and the island of Corsica. The bottom right corner of the map area shows the text "Leaflet | © OpenStreetMap | © IZ3WNH".

viaRepeater: How It Looks Like (IT only)

The screenshot displays the viaRepeater web application interface. The main map shows Italy with various repeater locations marked by colored circles (orange, yellow, blue) and numbers. A red line highlights a specific route along the Italian coast. The sidebar on the left contains the following elements:

- Icons for different modes: car, pedestrian, bicycle, bus, and motorcycle.
- Search bar: "Lungomare Europa Genova Italia".
- Search bar: "Via Condotti Roma Italia".
- Text: "ViaRipetitore: in collaborazione con IW2NKE Gian Leonardo. Ricerca valida solo per l'Italia".
- Social media icons: YouTube, Facebook, Telegram, Google, and others.
- Buttons: "MAPPA -> TABELLA".
- Formattazione Nome Memoria: "Nominativo: IR80".
- Selezione Separatore Decimale: "Punto" (selected) and "Virgola".
- Scegli il Modello di Radio: "RTX".
- Button: "SCARICA TUTTO".

The map shows the Italian coastline with repeater locations marked by colored circles and numbers. The sidebar on the left contains search and settings options.
